

Insta Glow Facial Kit

The Herbs and Hills Insta Glow Facial Kit is a revolutionary skincare product that combines the power of 100% organic herbal ingredients with the skin-enhancing benefits of hyaluronic acid, glutathione, and vitamin C. This unique blend of ingredients is specifically designed to provide you with a glowing and rejuvenated complexion.

The kit includes a comprehensive range of products to cater to all your skincare needs. The face cleanser gently removes impurities and excess oil, preparing the skin for further treatment. The face scrub exfoliates dead skin cells, revealing a smoother and brighter complexion. The face massage gel and cream help to stimulate blood circulation, promoting a youthful and healthy glow. The face mask nourishes and detoxifies the skin, while the face serum provides intense hydration and targets specific skin concerns.

*"Revitalize Your Skin and
Reveal Radiant Beauty with
Herbs and Hills Insta
Glow Facial Kit!"*

What are the key features?

Made with Organic Herbs

Free from Harmful Chemicals

Suitable for All Skin Types

Manufactured in GMP &
ISO Certified Facility

What are the key ingredients?

Organic Aloe vera Extract, Organic Milk Thistle Extract, Hyaluronic Acid, Glutathione, Vitamin C, Organic Green Tea Extract.

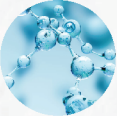

Information of the key ingredients:

Organic Aloe Vera Extract: Aloe vera is a succulent plant known for its bioactive compounds. It contains polysaccharides, such as acemannan, which have moisturizing and anti-inflammatory properties. Aloe vera also contains vitamins, minerals, and antioxidants that help soothe and protect the skin.

Organic Milk Thistle Extract: Milk thistle is a flowering herb that contains a flavonoid complex called silymarin. Silymarin is composed of flavonolignans, including silybin, silydianin, and silychristin, which have potent antioxidant and anti-inflammatory effects. Milk thistle extract helps protect the skin from oxidative stress, detoxifies pollutants, and promotes overall skin health.

Hyaluronic Acid: Hyaluronic acid (HA) is a glycosaminoglycan naturally present in the skin. It has a unique ability to retain water, holding up to 1,000 times its weight in moisture. As a result, HA helps to hydrate and plump the skin, reducing the appearance of fine lines and wrinkles. It also enhances the skin's barrier function, promoting optimal hydration and a smoother complexion.

Glutathione: Glutathione is a tripeptide composed of three amino acids: cysteine, glycine, and glutamic acid. It is a powerful antioxidant, neutralizing free radicals and protecting the skin from oxidative damage. Glutathione also has skin-lightening properties, inhibiting melanin production and reducing the appearance of hyperpigmentation and uneven skin tone.

Vitamin C: Vitamin C, also known as ascorbic acid, is an essential nutrient with potent antioxidant properties. It plays a vital role in collagen synthesis, supporting the skin's structure and elasticity. Vitamin C also helps to brighten the skin by inhibiting melanin production and reducing the appearance of dark spots. Additionally, it protects the skin from UV-induced damage and promotes a more youthful complexion.

How to use:

STEP 1

Insta Glow Face Cleanser: Take an appropriate amount of face cleanser and apply it evenly on a clean and wet face. Then gently massage in circular and outward strokes for 5 minutes and rinse off with water or wipe off using moist cotton.

STEP 2

Insta Glow Face Scrub: Take an appropriate amount of Face Scrub and apply it evenly on a clean face. Then gently scrub with feather-like circular and outward strokes for 5 to 8 minutes and rinse off with water.

STEP 3

Insta Glow Massage Gel: Take an appropriate amount of Face Massage Gel and apply it evenly on the face and neck. Gently massage till the gel gets absorbed into the skin.

STEP 4

Insta Glow Massage Cream: Apply an appropriate amount of Face Massage Cream on the face and neck. Gently massage till the cream is absorbed into the skin.

STEP 5

Insta Glow Face Mask: Apply Face Mask in a thick layer over the face and neck area with fingertips. Avoid the eye area and leave it till it dries off. To clean, use clean water.

STEP 6

Insta Glow Face Serum: Apply a few drops on your cleansed face or after your essence/toner and massage into your skin to get radiant and hydrated skin. Avoid applying near the eyes.

Benefits:

Enhance radiance and a healthy glow

Provide deep and long-lasting hydration

It helps to minimize blemishes and dark spots

It helps to improve skin texture and smoothness

Provide anti-ageing effects for a more youthful appearance

It helps to nourish the skin
