

## Key Ingredients

### Amalaki (*Emblica officinalis*):

Also known as Indian gooseberry or Amla, it is a rich source of vitamin C and possesses strong antioxidant properties. Amalaki supports bowel health, aids digestion, and helps in relieving constipation.

### Haritaki (*Terminalia chebula*):

It helps promote regular bowel movements, relieve constipation, and support overall digestive health.

### Bibhitaki (*Terminalia bellirica*):

It helps maintain bowel regularity, support healthy digestion, and relieve abdominal discomfort.

**Dosage:** 1 or 2 Tablets daily with warm water in the evening post-meal or as Directed by the Physician

### Benefits:

It helps to alleviate inflammation.

It helps to improve digestion and immunity.
